About This Content

From first sketch to what we see today: **Beauties & Brainfarts** documents the wavy road of artwork and design for UpBreakers.

The task of literally giving this project a face fell to Max very early on when all we had for the game was only the general idea of the mechanics.

Title: UpBreakers - Artwork
Genre: Action, Casual, Indie
Developer:
Bootsmann Games
Release Date: 17 Jan, 2019

a09c17d780

Minimum:

Additional Notes: PDF reader

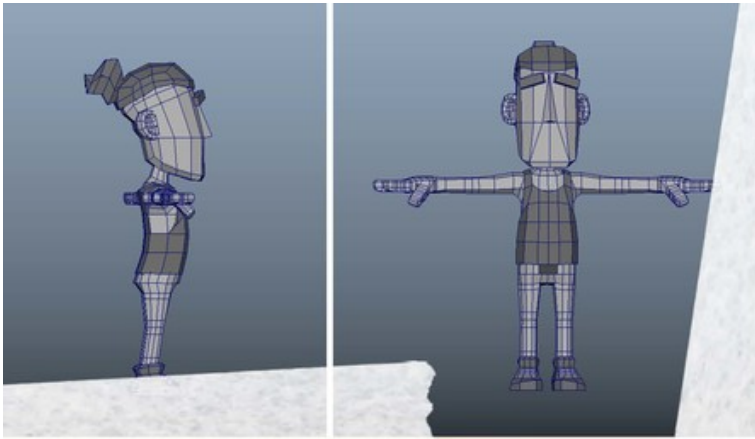

English

Beauties & Brainfarts

THE ART OF UPBREAKERS

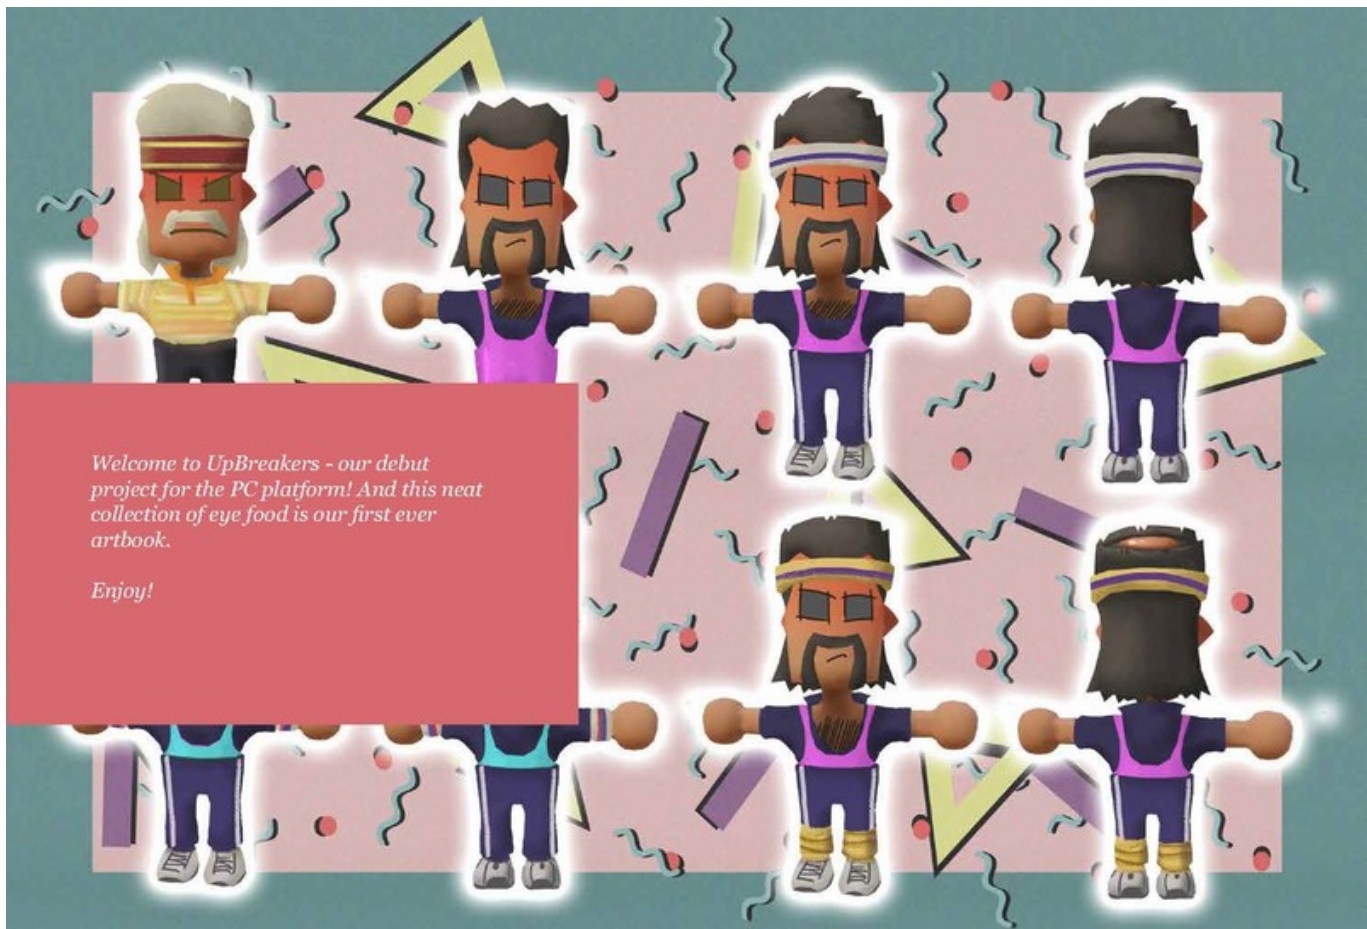

After transferring the design to 3D, we noticed that it was not quite what we were looking for in our chaotic characters. They seemed a bit too human and cool.

We wanted them to be a little bit more clumsy and adorable without losing their edge.

Welcome to UpBreakers - our debut project for the PC platform! And this neat collection of eye food is our first ever artbook.

Enjoy!
